LIBRARIAN'S REPORT

The patronage of the library has been above average this past year. Our patrons range in age from four years to nearly ninety and all seem to enjoy the books equally well. Several new readers have come to us this year and are very welcome. We have on record 1858 visits and 8827 volumes loaned. Then there have been the readers of the books in the school branches. In eight of the nine schools we have kept collections of about twenty-five books which were changed as the teachers desired. We have been glad to furnish material for extra programs for either entertainments or class work. Some of our patrons who find it inconvenient to visit the library in person have had us send consignments of books to last from one to three weeks. It would be pleasing to do more of this. We have received gifts of books from several parties. Among these we mention Mr. and Mrs. Barrett, Mr. Walker of Claremont, ex-Gov. Bartlett, Cornish W. C. T. U. and Miss Anita Booker who gave us sixteen volumes of stories which have been much read and appreciated by our younger readers. More books are expected soon. Some bills for books had not come when our financial report was given but we have kept well within our budget. In this day of many books it needs much discrimination to enable us to spend our book money wisely. Both Mrs. Weld and Mrs. Bugbee as Trustees have been interested to give you worthwhile as well as pleasing reading matter. We hope you have been satisfied with our efforts. During the year we have had many visitors from outside—from several different states and from many towns of our own state. All have, without exception, expressed admiration for our library and its contents. Miss Annable, Sec-

retary of the N. H. library commission visited us and met the Trustees last summer. She was surprised and delighted to see so well an equipped and such a splendid building here. Her words were an encouragement to us in this work. If *YOU* did not visit us last year why not come this year and if you like *us* and *our books,* come again.

Cordially yours,
ALMA A. BROWN, Librarian

Superintendent's Report

To The Cornish School Board:

It is my privilege to present for your consideration my thirteenth annual report.

On the thirty-first day of August the teachers and pupils of the respective schools reassembled to begin the work of a new school year. Owing to the small number of pupils at the Brick School the pupils were provided with transportation to the South School. After being closed for eight years the Townhouse School has been reopened to accommodate the surplus of pupils at the City School. We have a good corps of teachers. All are experienced. The average experience is nine years. Most of them have normal training. Miss Wrest, who is a normal graduate, as well as a college graduate with two years of post-graduate work, pursued during the summer a six-weeks' course at Boston University.

Seven children are being transported from Division five to the Centre School, two children from Division two to the Tracy School and six children from the Brick School to the South School.

In the following table will be found the teacher's name and the fall term enrollment of the respective schools.

Teacher	School	Enrollment
Jeannette D. Bowlby,	Cornish Flat	30
Mildred Pigott,	Goward	16
Dorothy F. Bailey,	South	25
Ellen P. Hadley,	City	27

*Jane Dahms,	Dingleton	15

*Mrs. Dahms replaced Mrs. Thibeault on Nov. 30.

Twenty Cornish students are attending Windsor High School, four are in attendance at Kimball Union Academy, eight students at Stevens High, and one each at Springfield, (Vt.) High and at Plainfield, (Vt.) High.

Frances Emery is in attendance at the Spencer School in Plainfield.

REPORT OF SCHOOL NURSE

To The Superintendent Of Schools:

School health service provides Health Education of the individual child through direct instruction of health practices and through the application of health measures in the community. This includes preventing the spread of communicable disease, vaccination against smallpox, immunizing against diphtheria.

Annual health inspection of all pupils: each child is given a health inspection to discover defects of nutrition, posture, scalp, skin, throat, teeth, ears and eyes. Parents are notified of the defects found and urged to secure remedial treatment.

Almost daily pupils bring requests from parents for the nurse to visit their homes. These requests are granted and close cooperation is maintained with the home physician, the State Department of Public Welfare and other health agencies.

The regular program includes semi-yearly health inspection, clinic work, daily school room inspection in case of exposure of communicable disease, individual health instruction to children, and conferences with teachers, superintendent and parents.

The activities in the Cornish District since the first of September are listed below:

Number of children examined	178
Number of children found defective	156
Number of defects found	235
Number of defects corrected	35
Number of children unvaccinated	17
Number of children vaccinated this fall	38
Number of home visits	36
Number of children taken to clinics	8
Number of social service calls	18
Number of visits to schools	49

Respectfully submitted

ZEPHYRINE L. HASHAM.

REPAIRS

The south roofs of the Goward and South Schools and the east roof at the Flat Schools were reshingled. Interior repairs and redecorations were made at the Flat. The Chadbourne schoolroom was remodeled and modernized. The reopening of the Townhouse School necessitated some repairs and the installation of children's desks and other furniture. Next year the work undertaken at the Chadbourne should be completed and the interior at the South School should be thoroughly renovated.
